

FINANCIERS TAKE REST BEFORE TACKLING TASK

Insurance Companies and Savings Banks May Be Barred from Taking Up Big Loan.

New York, Sept. 11.—The French financial commission, which arrived in this country on Friday for the purpose of obtaining a credit of from \$500,000,000 to \$1,000,000,000, did not work today.

Lord Reading, head of the delegation, and Basil P. Blackett, secretary, are the guests of J. Pierpont Morgan at Glen Cove and will pass tomorrow on the Corsair. It is expected they will be joined by Sir Cecil Spring-Rice, the British Ambassador.

Sir Edward Holden and Sir Henry Robinson Smith are being entertained at the home of Frank A. Vanderlip, president of the National City Bank, at Riverwood, Ardsley-on-the-Hudson.

It is indefinite as to the proposition which the commission and the American bankers will have to work out that the members are very different about their plans. A question has been raised whether the insurance companies and the savings banks can subscribe to a part of the loan if they so desire. It is understood that the insurance companies can, but the savings institutions are barred, so that the trust companies, national banks and private bankers will have to be depended upon to take up the loan if the mission is a success.

In a nutshell, the whole proposition is whether it can be arranged for the American bankers to grant a large credit to London for trade purposes. If that is accomplished, it is said, the London banks will direct their customers to draw their checks directly on specified New York banks, resulting in a world-wide dollar exchange instead of pounds sterling.

BOY CRUSHED BY WAGON.

Mother, Hopelessly Ill, Ignorant of Hurt to Son.

Charles Edward, 3, living at Gospel Mission on Rhode Island, who was taken to the Emergency Hospital from injuries received yesterday when he was run over by a coal wagon near the mission. The boy's mother is in a critical condition in another Washington hospital from an incurable disease. She has not been informed of the child's injuries.

Charles was riding a velocipede in an alley near Gospel Mission late yesterday when he was run over by the coal cart. Two white men picked up the boy and carried him to the Emergency in their automobile.

Mrs. Edwards, the mother, is hopelessly ill in a sanatorium, where she has been taken some weeks ago. Two sisters, also living at the mission, have been caring for the boy.

May Hold Debt-raising Birthday.

Mrs. William C. May, president of the American Red Cross, has issued a call to the members of that society to celebrate the birthday of the organization on September 10 by lifting the debt of \$100,000 off Memorial Hospital, the national headquarters of the society in Washington.

Slain Gary, Ind., Pastor, His Wife and Point Where Body Was Found by Neighbor

These photographs show the Rev. Mr. and Mrs. Edmund Kayser, of Tolleston, near Gary, Ind., and the point where a neighbor found the dead body of the pastor the evening of August 24 last.

The policeman in the picture has been asked by the photographer to point to the exact spot where the ghastly find was made.

The minister had been shot twice and dragged from his home, which is seen in the background. It is now generally believed that Kayser was an important link in the German secret service in this country, and interesting international revelations may result from the work of the Department of Justice on the case.

TO PROTEST IMPROPER USE OF THE U. S. FLAG

Woman's Relief Corps to Wage War Against Misuse When G. A. R. Meets Here.

War will be declared on manufacturers who use the American flag for commercial purposes in their advertisements by a number of patriotic organizations who will meet here in convention during the G. A. R. encampment the latter part of this month. The fight will be led by the Woman's Relief Corps, which has a standing committee to prevent desecration of the flag.

The chairman of the committee, Mrs. Isabel Worrell Ball, has more than 500 advertisements in which it is claimed, the flag is used improperly. Ball also holds a written protest from practically every patriotic organization in the country. An effort will be made during the winter to have Congress declare such misuse of the flag an offense.

An attractive spectacle during the encampment will be the little flotilla of torpedo boats, sailing ships and naval yachts anchored off Potomac Park. Dr. Frank E. Gibson, chairman of the entertainment committee of the encampment, conferred with Commander Galbraith yesterday on this feature. The yachts Mayflower, Dolphin and Sybil, the torpedo boats Bailey, Hiddle and Mary, and a submarine or two will make up the flotilla.

Permission will be granted owners of small yachts and motorboats to transport visitors and veterans to and from the war vessels. The submarines to be ordered here will be decided on by Secretary Daniels tomorrow or Tuesday.

On the second day of the encampment, September 20, Potomac Park will be the center of attraction. The Woman's Relief Corps of the G. A. R. will plant two trees near the Lincoln Memorial, after which the Fifth Cavalry from Fort Myer will give an exhibition drill in Potomac Park. The drill originally was scheduled for the fourth day of the encampment. There will be an artillery drill at 4 o'clock in the afternoon of the fifth day. There will be three lectures, or informal gatherings of veterans, in the Emory Building on Wednesday, Thursday and Friday nights of encampment week. It was announced yesterday by C. C. Royce, chairman of the campfire committee. These gatherings will be featured by singing, book-and-wing dancing, lantern slides and other musical entertainers.

President Wilson's reviewing stand is being erected at the exact point in front of the White House from which John Johnson witnessed the grand review on the morning of May 23, 1915. Stands also are being erected at Seventh street and Pennsylvania avenue and at Peace Monument.

William F. Gude, chairman of the citizens' committee, and Harry Stimpf, manager of the Emory Building, are getting the building ready for the reception to be held by the veterans the second night of the encampment.

"All public officials who come in contact with the general public are often placed in trying positions, and particularly police officers whose duties frequently require them to correct individuals for infractions of law or regulation. While these regulations must be applied with firmness and patience, members of the park police force are reminded that courtesy must always be used in carrying them out."

In other words, friends of the President say he will break off diplomatic relations with Germany if it is clearly established that the imperial government does not intend to stand by its rule not to sink noncombatant passenger ships without warning and without guaranteeing the safety of passengers.

It is difficult for officials here to believe that Germany will assume that her submarine commanders are to be the sole judges as to whether an attempt to resist capture is made by passenger ships threatened by submarines. The American government will not assent to such procedure and will regard insistence by Germany upon this point as the equivalent of the nullification of the German assurances, officials declare.

GERMAN ARBITRATION SCHEME IS OPPOSED
CONTINUED FROM PAGE ONE.

It may be stated upon authority that if the German government in the final analysis seeks to maintain a policy of which the Arabic note and the Von Bernstorff assurance is truly representative, the American government will revert to the stern purposes by which it was guided before the Von Bernstorff note was received.

In other words, friends of the President say he will break off diplomatic relations with Germany if it is clearly established that the imperial government does not intend to stand by its rule not to sink noncombatant passenger ships without warning and without guaranteeing the safety of passengers.

COL. HARTS TELLS PARK POLICE TO BE POLITE
Regulations Must Be Enforced with Courtesy and Firmness, Members Are Told.

A little lesson in politeness was read members of the United States park police yesterday when Col. W. H. Harts issued the following instructions:

"All public officials who come in contact with the general public are often placed in trying positions, and particularly police officers whose duties frequently require them to correct individuals for infractions of law or regulation. While these regulations must be applied with firmness and patience, members of the park police force are reminded that courtesy must always be used in carrying them out."

"Members of the force should remember that they are constantly making a better reputation for the park police, and that they are assisting the administration in its duty by showing courtesy in all their dealings with the public. Their value as members of the force is always increased thereby. Courtesy is always a gain and never a loss. Even when treated discourteously, police officers are expected to be courteous in their enforcement of regulations. Courtesy begets courtesy."

ELKS HOLD ANNUAL CLAM BAKE TODAY
Many Athletic Events Will Whet Appetites for Dinner at River View.

More than 400 members of Washington Lodge, No. 15, P. O. Elks, will go to River View on the annual Rhode Island clam bake of the lodge today. The Elks have chartered a boat, chartered for the day and will leave the Seventh street wharf at 10 o'clock this morning, returning at 10:30 to-night.

Breakfast will be served on the trip down while the Elks Orchestra performs. In addition to every delicacy known to modern recipe writers, Edwin H. Neumeier, Jr., chairman of the committee on menu, holds an appetizing secret, which he will lay before his comrades in the evening.

Before and after the feast there will be athletic events for Elks of various weight and dimensions. When night falls Chairman Fred J. Meierheimer will march his army of gloom-kickers aboard the St. Johns for a sail further down the river.

The following is the executive committee for the outing: Fred J. Meierheimer, chairman; Hugh F. Harvey, vice chairman; William S. Shoberg, secretary-treasurer; John E. Hogan, sergeant-at-arms; John H. Bolts, tickets; Jack Richards, amusements; John C. Maxwell, music; William E. Dawson, printing and badges; Arthur D. Marks, press; Gustave W. Braher, breakfast and lunch on boat; John E. Hogan, order; Edwin H. Neumeier, Jr., clam bake and service; A. H. Huber, refreshments; Hugh F. Harvey, reception.

Mount Rainier Carnival Closes.
The first week of the fifth annual carnival at Mount Rainier, Md., closed with a record-breaking attendance. Young people from all sections of Washington and Maryland gathered here and the judges would select as the prettiest girl on the pavilion. After much deliberation a demure brunette was awarded the coveted prize.

Treating Damaged Oats Violation.
Warning yesterday was served by the Department of Agriculture that damaged oats or oats of inferior quality, bleached or otherwise treated, were being transported or offered for sale in interstate commerce. Oats to which water has been added to increase weight come under this prohibition.

Held Filled Colored.
Ernest Reed, colored, was held by police last night pending an investigation into a fire at 325 2d and 316 B street, southwest shortly before midnight. The fire started at 31 and spread in both directions, doing damage of \$50.

New Dort Agencies.
The local firm of Miller Brothers announces the appointment of the following agencies for the Dort cars: Orange Auto Company, Orange, Va.; Lumburg Auto Company, Victoria, Va.; Christian & Son, Matthews Court House, Va.; Kyles' Garage, Monterey, Va.; W. H. May, Hardware Company, Alexandria, Va.; G. W. Kidwell, Hunter, Va.; Charlottesville Hardware Company, Charlottesville, Va.; Ramberg Auto Supply Company, Winchester, Va.

Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years As the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases.

Scientists have discovered that the blood and the field are abundantly supplied with vegetable of various kinds, that furnish the ingredients for making a remedy for practically every ill and ailment of mankind. Medicines made from roots, herbs, and barks which Nature has placed at the disposal of man, are better than any mineral natures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach, and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health.

S. S. S. is guaranteed to be a purely vegetable remedy. It is made entirely of gentile-acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities, and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all disorders of the blood. It cleanses the entire system and its permanent effect is made by the rule not to sink noncombatant passenger ships without warning and without guaranteeing the safety of passengers.

It is difficult for officials here to believe that Germany will assume that her submarine commanders are to be the sole judges as to whether an attempt to resist capture is made by passenger ships threatened by submarines. The American government will not assent to such procedure and will regard insistence by Germany upon this point as the equivalent of the nullification of the German assurances, officials declare.

Big Bargains

H. R. Howenstein Co.
1314 F Street N. W. or 7th and H Streets N. E.

GERMAN ARBITRATION SCHEME IS OPPOSED

CONTINUED FROM PAGE ONE.

It may be stated upon authority that if the German government in the final analysis seeks to maintain a policy of which the Arabic note and the Von Bernstorff assurance is truly representative, the American government will revert to the stern purposes by which it was guided before the Von Bernstorff note was received.

In other words, friends of the President say he will break off diplomatic relations with Germany if it is clearly established that the imperial government does not intend to stand by its rule not to sink noncombatant passenger ships without warning and without guaranteeing the safety of passengers.

It is difficult for officials here to believe that Germany will assume that her submarine commanders are to be the sole judges as to whether an attempt to resist capture is made by passenger ships threatened by submarines. The American government will not assent to such procedure and will regard insistence by Germany upon this point as the equivalent of the nullification of the German assurances, officials declare.

SUCCEEDS CLIFFORD L. GRANT.
Henry G. Pratt Assigned to Duty in Law's Office.
Henry G. Pratt, detective sergeant in police headquarters, yesterday was assigned for detective duty to the office of United States District Attorney Laskey. Pratt succeeded Clifford L. Grant, who was appointed recently to the chief office in the detective bureau of the department.

Drowns in Fall from Launch.
George McFarland, 36, of 126 Union street southwest, was drowned yesterday when he fell overboard from a launch in the Potomac River. His father and a brother were with him on the launch, but were unable to save him. McFarland's body was recovered about an hour later by harbor police and was sent to Emergency Hospital, but efforts at resuscitation were futile. The accident happened at the foot of Thirteenth street.

Rheumatism
A Home Cure Given by One Who Had It.
In the spring of 1903 I was attacked by muscular and inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

Two Are Victims of Heat.
One Man Drops Dead and Another Is Overcome.
Louis J. Ifft, 58 years old, manager for T. J. Pyle, street cleaner, 222 1/2 street northwest, dropped dead yesterday in the M street shop. Apoplexy, superinduced by the intense heat, was the cause of death.
